ST.JOHNS EDUCATIONAL SOCIETY

This society was established in the year 2001 with its head office at Hyderabad A.P, India. A group of educators headed by the current chairman Sri.A.V.RAMANA REDDY garu and like minded board of directors established St.johns group of institutions. The engineering college in the year 2001 and St.johns pharmacy college in the year 2007 this noble endeavor has catered the needs of the under privileged st.johns of society. The society is also known for establishing sister concerns in Kurnool city and Hyderabad also as a front of its continued involvement in promoting quality centered engineering education this national conference is being conducted

ABOUT ST JOHNS COLLEGE OF ENGINEERING & TECHNOLOGY:

St. Johns College of Engineering & Technology was established in 2001 with the sole objective of catering to the needs of quality technical education in remote rural areas, which bristles with potential for development. The college is situated in a pollution free, serene location at the outskirts of Yemmiganur town in Kurnool district. The college campus nestles amidst lush and luxuriant greenery in a sprawling 27 acres land. It has spacious, well ventilated, well equipped and well-furnished buildings for laboratories, hostels, workshops and classrooms. The college is permanently affiliated to JNTUA and it is recognized by AICTE, New Delhi and the Government of Andhra Pradesh and also Accredited by NAAC. The college is located at a distance of 25kms from Mantralayam, 60 kms from Kurnool city, 110 kms from Bellary and 65 kms from Raichur.

ABOUT DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

The Department of Electrical and Electronics Engineering established in 2001, has been instrumental in molding the careers of its students and helping them to become world class professionals.

The department offers the B.Tech degree course with an intake of 60 students and M.Tech (PE&PEED) with an intake of 36.

The Department Laboratories are equipped with the state of the art equipment for training and research. An efficient team of highly qualified, trained and dedicated professionals have assembled to provide quality training in all most all the fields of Electrical and Electronics Engineering.

OBJECTIVES OF THE NATIONAL CONFERENCE

National conference on "Innovations and Advancement in Electrical Engineering" brings together leading academic scientists, researchers, engineering and industry professionals to exchange and share their experiences about the latest developments in the field of electrical engineering and allied fields for various interdisciplinary engineering applications. This conference provides a platform to discuss their most recent innovations, trends and future challenges in the field of electrical engineering and allied fields.
