ABOUT SJCET:

St. Johns College of Engineering & Technology was established in 2001 with the sole objective of catering to the needs of quality technical education in remote rural area, which bristles with potential for development.

The college is situated in a noise and pollution free, serene location at the outskirts of Yemmiganur town in Kurnool district. The college campus nestles amidst lush and luxuriant greenery in a sprawling 27 acres land. It has spacious, well ventilated, well equipped and well-furnished buildings for laboratories, hostels, workshops and classrooms. The college is permanently affiliated to JNTUA and it is recognized by AICTE, New Delhi and the Government of Andhra Pradesh and also Accredited by NAAC. It was started with four branches of engineering viz. CSE, ECE, EEE and MECHANICAL and later CIVIL branch along with PG Courses M.Tech., & M.B.A. have also been sanctioned by the authorities.

ABOUT DEPARTMENT OF MECHANICAL ENGINEERING

The Department of Mechanical Engineering established in 2004, has been instrumental in moulding the careers of its students and helping them to become world class professionals.

The department offers the BTech degree course with an intake of 120 students and MTech (R&AC) with an intake of 18. At present the department has 12 faculty members headed by Prof H RANGANNA

The Mechanical Engineering Department Laboratories are equipped with the state of the art equipment for training and research. An efficient team of highly qualified, trained and dedicated professionals have assembled to provide quality training in all most all the fields of Mechanical Engineering.

OBJECTIVES OF THE NATIONAL CONFERENCE

National conference on “Emerging Trends in Mechanical Engineering-Challenges & Innovations” brings together leading academic scientists, researchers, engineering and industry professionals to exchange and share their experiences about the latest developments in the field of mechanical engineering and allied fields for various interdisciplinary engineering applications. This conference provides a platform to discuss their most recent innovations, trends and future challenges in the field of mechanical engineering and aided fields.

CALL FOR PAPERS

Authors are invited to submit original and un published papers from the Areas listed below:

- **Advanced materials and processing**
- **Advances in manufacturing technology**
- **Thermal science engineering and R&AC**
- **Tool design**
- **Automotive engineering**
- **Design for manufacturing and assembly**
- **Product design and development**
- **FEM analysis**
- **Industrial management**
- **Renewable energy management and Technology**

Important Guidelines for Submission of Research Papers

- Only four authors are allowed per paper.
- Registration must be made separately by each author
- Abstract should not exceed 100words.
- Full paper should not exceed 6 pages inclusive of tables, figures, illustration (MSWord/PDF; Font: Times New Roman; Size:12)
